## OIL & GAS INDUSTRIAL

Gulf Solar is an indigenous service provider to the oil and gas industry in Saudi Arabia. It was incorporated as a limited liability company in Saudi Arabia to carry on the business of Engineering (EPC), Civil Construction, Pipeline Services, Procurement, Marine Logistics, It is also involved in the business of Marketing, Supply and Trading of Crude Oil and Petroleum Products

## WHAT WE OFFER

Exploration / Development Team

---

Drilling Team

---

Production Team

---

Facilities Team

---

Infrastructure / Installation Team

## RENEWABLE ENERGY SOLAR & WIND

Our services span the entire project lifecycle, and goes beyond engineering, procurement and construction (EPC) to present complete solutions to the solar energy. We also provide complete turnkey solutions for concept to commissioning of small solar PV power plant for any capacity for export to grid and off-grid sites, also for roof top installations.

### WHAT WE OFFER

Various Solar LED Lighting Solutions Like Sign And Bill Board Lighting Systems.

Indoor And Outdoor Lighting In All Capacities To Fit Most Domestic

Commercial And Industrial Needs

Solar Powered Standalone Street Lights For Roads

Pathways, Commercial Buildings.

## INDUSTRIAL CIVIL CONSTRUCTION

Gulf Solar with its qualified engineering and construction team offer our clients a complete civil construction service in infrastructure development, commercial/industrial residential construction, Settlement Pond and Equipment / Tank foundation.

### WHAT WE OFFER

Areas of Expertise

---

Infrastructure facilities

---

Industrial Buildings

---

Heavy Equipment/Tank Foundation

---

Commercial and Residential Buildings

---

Settlement Pond.

## ELECTRICAL

Gulf Solar has well experienced electrical engineers and Technicians to provide all sort of electrical construction services such as CP System, Cable installation & termination, Panel Board installation, Plant lighting installation and network/Instrument Installation.

### WHAT WE OFFER

Area of Expertise

---

Cathodic Protection System

---

Cable Installation & Termination

---

Panel Board Installation

---

Network/Instrument Installation

## MECHANICAL CONSTRUCTION

**LEADER IN TECHNOLOGY** – Gulf Solar provide full package of mechanical construction services in the area of process plants, refineries, petrochemical complex, storage tanks and pipeline projects and Mining Industries.

Our well experience and skills from small scale assignment through to large complex engineering and construction projects allows the company to bring unique solution to each clients' specific needs.

### WHAT WE OFFER

Areas of Expertise

---

Fabrication and erection of Piping

---

Fabrication and erection of Structural Steel

---

Fabrication for storage tanks and silos

---

Platforms

---

Equipment Installation

---

Installation of Conveyor Systems

## PLANT MAINTENANCE

Gulf Solar Operations and Maintenance (O&M) has many years of experience in offering multi- discipline plant maintenance services related to oil, gas, petrochemical, power, desalination process and heavy industrial plants and facilities.

### **The main activities covered under this division are**

---

Plant Maintenance

---

Plant Turnaround and shutdown Maintenance

---

Short & Long-Term Plant Maintenance for all disciplines

---

Refurbish and Repair of large Storage Tanks.

## COATING AND INSULATION WORKS

We have experienced personnel in applying Insulation thermal and acoustic insulation to the highest standards and all related services on an International standard. Our services cover both high and low temperature critical insulation, and covers the entire insulation process—from fabrication to installation

We offer a complete range of insulation services, such as thermal, cryogenic, acoustic and fire protection, using all commercially available materials and Rubber Lining of Hopper chut and piping.

## INDUSTRIAL SUPPORT SERVICES

Resource management is critical to all projects. We are capable to mobilize Manpower to Industrial Projects and Industrial Plant shut down activities. Apart from the present strength Kashaf group has a capacity to out Source manpower of 200 to 300 men to provide adequate industrial support service to Heavy Engineering Construction.

This comprises the supply of highly skilled and semi-skilled manpower for

**Plant Turnaround & Shutdown activities**  
**Plant Maintenance Activities**  
**Support Services for Plant Construction**

Gulf Solar works in close co-ordination with various Industrial sector companies to plan and project their variable manpower requirements to provide support for operation and maintenance requirements.

## MECHANICAL MATERIAL SUPPLY

Supply | Installation | Testing | Commissioning

### MECHANICAL MATERIAL

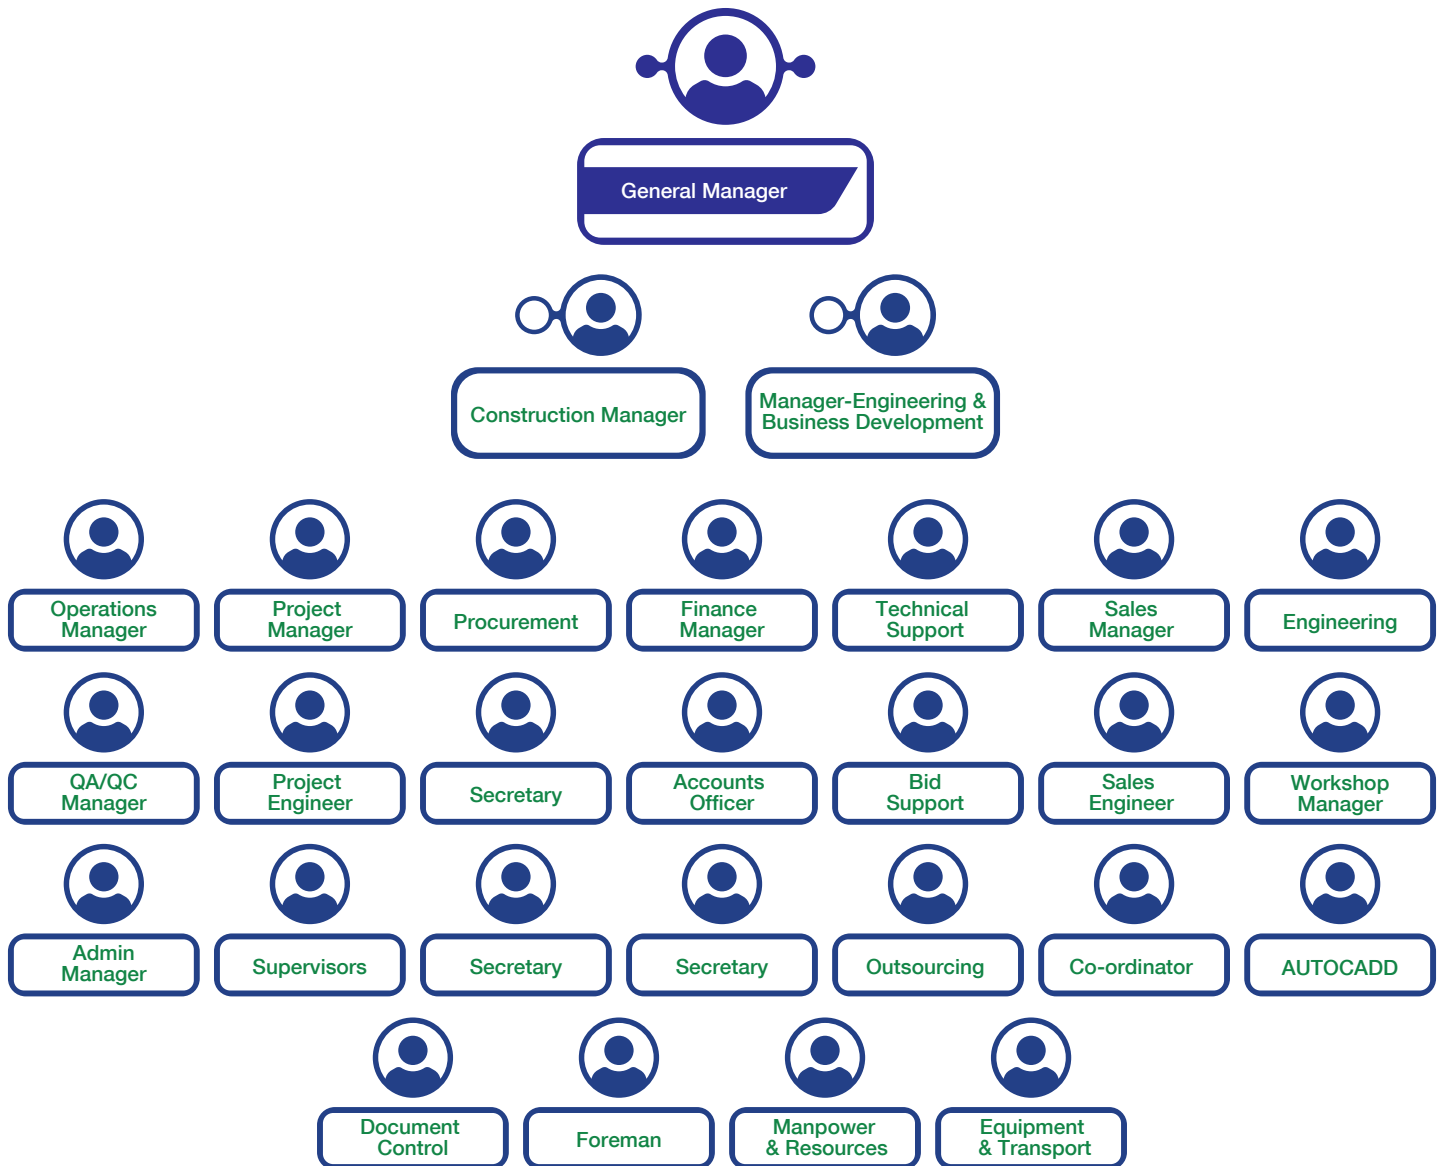

We supply a large range of products, materials and spares to Support your plant and equipment maintenance needs. Process Equipment products are distributed from our local branch network.

#### What We offer

- Hydraulic, Lubrication And Fluid Remediation
- Valve Repair And Testing
- Valve Repair And Testing
- Pressure Parts And Pressure Vessel Manufacture
- Oil & Gas Pressure Parts
